Bufete, Tercius. "How to Use Facebook Privacy Settings." Consumer Affairs. April 04, 2018. Accessed April 26, 2018.  
<https://www.consumerreports.org/privacy/facebook-privacy-settings/>.

# Facebook: Privacy Checkup

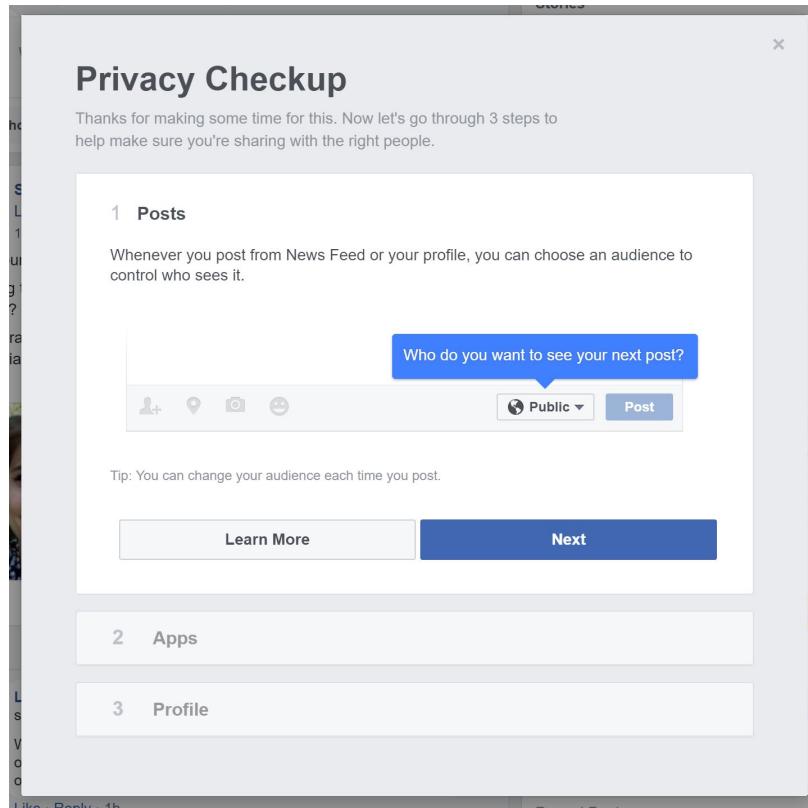

The screenshot shows a Facebook News Feed. At the top, there's a search bar and a navigation bar with links for Home, Stories, Help Center, and a question mark icon. On the left, a sidebar has links for News Feed, Messenger, Watch, Marketplace, and Shortcuts (which is highlighted with a red box). Below that is an Explore section with links for Events, Pages, Groups, Fundraisers, Friend Lists, On This Day, Pages Feed, and Photos. A 'See More...' button is visible.

The main feed displays a post from a user sharing a link to a group called "Programming Librarian Interest Group". The post includes a photo of a woman and text about adding adult STEM programs. Below the post are 'Like' and 'Comment' buttons, and a count of 6 likes. A comment from another user is visible, followed by a link to "PROGRAMMINGLIBRARIAN.ORG".

On the right side, there's a "Quick Help" sidebar with links for "How can we help?", "HELP WITH THIS PAGE", "Home Page", "Timeline", "Chat and Messages", "Account Security", and "Privacy" (which is also highlighted with a red box). Further down are links for "Privacy Checkup", "Privacy Shortcuts", "Support Inbox", and "Report a Problem". At the bottom of the sidebar, there are buttons for "Likes", "Views", and "Posts", and a total like count of 2,752 with a note of "16 new likes this week". A "Boost Your Event" section is also present.

# Facebook: Timeline Lockdown

The screenshot shows a Facebook profile page for a user named Katlin. The top navigation bar includes the 'Home' button and profile picture. Below the header is a large, colorful image of numerous traditional Korean lanterns (paper lanterns) hanging in a cluster. A small thumbnail image of a person is visible on the left side of the main profile area. The main menu at the top of the page includes 'Edit Profile', 'View Activity Log', and a 'More' dropdown menu which is open, showing options like 'View As...' and 'Timeline Settings'. Below the menu, there's a search bar and a 'Make Post' button with options for Photo/Video, Live Video, and Life Event. The profile section contains an 'Intro' box with a placeholder for a temporary bio, and a summary of the user's current status: 'Digital Literacy Associate at Tulsa City-County Library' and 'Lives in Broken Arrow, Oklahoma'. The bottom right corner features a 'Public' dropdown and a 'Post' button.

[@iamliterate](http://about.me/katlin)

# Facebook: Timeline Lockdown

The screenshot shows the Facebook settings interface for "Timeline and Tagging". The left sidebar lists various settings categories: General, Security and Login, Privacy, Timeline and Tagging (which is selected and highlighted in blue), Blocking, Language, Face Recognition, Notifications, Mobile, Public Posts, Apps and Websites, Ads, Payments, Support Inbox, and Videos. The main content area is titled "Timeline and Tagging Settings" and contains four sections: Timeline, Tagging, Review, and another unnamed section at the bottom. Each section has two rows of settings.

Section	Setting	Description	Action
Timeline	Who can post on your timeline?	Friends	Edit
	Who can see what others post on your timeline?	Friends	Edit
Tagging	Who can see posts you're tagged in on your timeline?	Friends	Edit
	When you're tagged in a post, who do you want to add to the audience of the post if they can't already see it?	Friends	Edit
Review	Review posts you're tagged in before the post appears on your timeline?	Off	Edit
	Review what other people see on your timeline		View As
	Review tags people add to your posts before the tags appear on Facebook?	Off	Edit

# Facebook: “Who can look me up?”

[@iamliterate](http://about.me/katlin)

# Facebook: “Who can look me up?”

The screenshot shows the Facebook Privacy Settings and Tools page. The left sidebar contains links for General, Security and Login, Privacy (which is selected), Timeline and Tagging, Blocking, Language, Face Recognition, Notifications, Mobile, Public Posts, Apps and Websites, Ads, Payments, Support Inbox, and Videos. The main content area is titled "Privacy Settings and Tools". It lists various privacy settings with their current status and edit options:

Setting Category	Description	Status	Action
Your Activity	Who can see your future posts?	Public	Edit
	Review all your posts and things you're tagged in		Use Activity Log
How People Find and Contact You	Limit the audience for posts you've shared with friends or Public?		Limit Past Posts
	Who can send you friend requests?	Everyone	Edit
	Who can see your friends list?  Remember, your friends control who can see their friendships on their own Timelines. If people can see your friendship on another timeline, they'll be able to see it in News Feed, search and other places on Facebook. If you set this to Only me, only you will be able to see your full friends list on your timeline. Other people will see only mutual friends.	Only me	Edit
	Who can look you up using the email address you provided?	Everyone	Edit
	Who can look you up using the phone number you provided?	Everyone	Edit
	Do you want search engines outside of Facebook to link to your profile?	Yes	Edit

# Facebook: 2-Factor Authentication

The screenshot shows the Facebook 'Security and Login' settings page. The left sidebar lists various security options: General, Security and Login (selected), Privacy, Timeline and Tagging, Blocking, Language, Face Recognition, Notifications, Mobile, Public Posts, Apps and Websites, Ads, Payments, Support Inbox, and Videos. The main content area is titled 'Security and Login' and includes sections for 'Recommended', 'Where You're Logged In', 'Login', and 'Two-Factor Authentication'. Under 'Where You're Logged In', it shows a Mac connected to the United States via Chrome (Active now). An iPhone 7 Plus is shown at an unknown location, connected via the Facebook app (about an hour ago). Under 'Login', there are options to 'Change password' (Edit) and 'Log in with your profile picture' (Edit). Under 'Two-Factor Authentication', there is an option to 'Use two-factor authentication' (Edit), which is described as logging in with a code from a phone as well as a password.

# Facebook: 2-Factor Authentication

The screenshot shows the Facebook login interface with a blue header bar. The header includes the Facebook logo, a search bar, a magnifying glass icon, a user profile picture, a red notification badge with the number '1', and navigation links for 'Home', 'People', 'Messages', and help.

Below the header, the URL 'Security and Login > Two-Factor Authentication' is visible. The main content area features a large circular icon with a padlock and key symbol. The title 'Add Extra Security With Two-Factor Authentication' is centered above a descriptive text: 'Add extra security to your account every time you log in on a phone or computer we don't recognize.' A 'Get Started' button is located below this text. The background of this section has a light gray gradient with small white dots.

A horizontal line separates this from the next section. The title 'How Two-Factor Authentication Works' is displayed above two columns of information.

**Extra Protection** (represented by a shield icon): We'll ask for your password and then a login code any time we notice an unusual login.

**Through SMS or an Authentication App** (represented by a smartphone icon with a QR code): We'll send a text message with a login code, or you can use a security app of your choice.

# Twitter: Account Privacy

The screenshot shows a Twitter profile page for the user @iamliterate. The main content area features a large image of a beach and ocean. On the left, there's a circular profile picture of a person with glasses and a red lanyard, with a city skyline in the background. Below the profile picture, the user's handle @iamliterate is displayed, along with their bio: "Mathematician & Library Evangelist, Indie Bookseller, she/her". The bio also includes location information ("Oklahoma, USA") and the date joined ("Joined October 2008"). To the right of the profile picture, the user's statistics are shown: Tweets (2,396), Following (271), Followers (286), and Likes (13.6). A red arrow points from the word "Likes" to the "Settings and privacy" link in the sidebar menu. The sidebar menu itself is partially visible on the right side of the screen, listing options like Profile, Lists, Moments, Promote Mode, Twitter Ads, Analytics, Settings and privacy (which is highlighted in red), Help Center, Keyboard shortcuts, Log out, and Night mode.

# Twitter: Account Privacy

The screenshot shows the Twitter account settings page for the user @iamliterate. The left sidebar lists various settings categories: Account, Privacy and safety (which is selected and highlighted in blue), Password, Mobile, Email notifications, Notifications, Web notifications, Find friends, Muted accounts, Muted words, and Blocked accounts. The main content area is titled "Privacy and safety". It contains several sections with configuration options:

- Privacy**:
  - Tweet privacy**: A section with a radio button labeled "Protect your Tweets" (unchecked) and a descriptive text explaining that if selected, only approved users will receive tweets. A red arrow points to this section.
  - Tweet location**: A section with a checked radio button labeled "Tweet with a location" and a descriptive text explaining that if selected, location information can be added to tweets. A red arrow points to the "Delete location information" button below it.
  - Photo tagging**: A section with three radio button options: "Allow anyone to tag you in photos" (unchecked), "Only allow people you follow to tag you in photos" (unchecked), and "Do not allow anyone to tag you in photos" (checked).
  - Discoverability**: A section with two checked radio buttons: "Let others find you by your email address" and "Let others find you by your phone number". Below this, there is a note about adding a phone number and a link to learn more about data usage.

# Twitter: Account Privacy

The image displays two Twitter profile cards for the same user, `@iamliterate`, illustrating the difference between a public account and a private account.

**Left Profile (Public):**

- Profile Picture:** A circular photo of a woman with dark hair and glasses, wearing a dark blue top with a floral pattern and a red lanyard.
- Handle:** `@iamliterate`
- Description:** Mathematician & Library Evangelist, Indie Bookseller, she/her
- Location:** Oklahoma, USA
- Join Date:** Joined October 2008

**Right Profile (Private):**

- Profile Picture:** The same circular photo of the woman.
- Handle:** `@iamliterate`
- Description:** Mathematician & Library Evangelist, Indie Bookseller, she/her
- Location:** Oklahoma, USA
- Join Date:** Joined October 2008

A red arrow points to the black lock icon on the right profile's card, indicating that the account is private.

# Privacy Tuneup: Data-Breach Status

The screenshot shows the homepage of the 'Have I Been Pwned?' website. At the top, there is a dark navigation bar with the following links: Home, Notify me, Domain search, Who's been pwned, Passwords, API, About, and a 'Donate' button with icons for Bitcoin and PayPal. Below the navigation bar, a large white button with a black border contains the text ':--have i been pwned?'. Underneath this button, the text 'Check if you have an account that has been compromised in a data breach' is displayed. Below this text is a search form consisting of a white input field containing the placeholder 'email address' and a blue button labeled 'pwned?'. Further down the page, there is a teal-colored section featuring a 1Password logo and the text 'Generate secure, unique passwords for every account' followed by a 'Learn more at 1Password.com' link. At the bottom of the page, there is a dark footer bar with four pieces of information: '278 owned websites', '4,994,033,137 owned accounts', '68,269 pastes', and '75,308,518 paste accounts'.
